Skills

I am proficient in ReactJs coupled with Redux state management. I employ semantic HTML and utilize SCSS for styling and pixel perfect responsive design.

Experience

Personal Projects / Front-End Developer

[Portfolio:](https://www.mounirelabbas.com) <https://www.mounirelabbas.com>

[Project:](https://pseudo-travel-app.netlify.app/) <https://pseudo-travel-app.netlify.app/>

Project is built using React, Redux and SCSS. It utilizes many publicly available APIs such as [TicketMaster](#), [Google Maps](#) and [Weather](#) for real-time events and weather.

[Lighthouse Report](#) : 95 Accessibility - 100 Best Practices - 100 SEO
